... Influence: Science and Practice is designed as a textbook for classroom instruction. So, it has things like chapter summaries and questions that can be assigned as homework. However, the other book Influence: The Psychology of Persuasion, is designed for a more general audience. The content is basically the same, but it omits the classroom ... Review: Influence - Science and Practice - Life Optimizer Influence: Science and Practice, by Robert B. Cialdini, Ph.D. has sold over a quarter million copies and has been published in nine different languages. Perhaps not surprising for a psychology book, but this is neither a dry college text nor a "pop" how-to book. Cialdini is a retired professor
