or die : using science to build a leading-edge ... Peter M. Senge's The Fifth Discipline popularized learning organizations in 1990. Since then, "the science of learning" has made great strides. New approaches draw on education, psychology and neuroscience to integrate studies of change and performance. These methods can help your firm become a high-performance learning organization (HPLO). Learn or Die Free Summary by Edward D. Hess "Learn or Die allows the reader to not only to visualize the future, but also, and more importantly, to create the future by unleashing the power and potential of building a learning organization. It has been demonstrated that strategies, systems and processes
