Answer Key

instructional approach in which students work in small teams with the instructor acting only as a facilitator. The specially designed activities follow a learning cycle paradigm in which students are presented with data or information to interpret and guiding questions to lead them toward valid conclusions-essentially a recapitulation of the scientific method. POGIL POGIL and Next Generation Science Standards. The Next Generation Science Standards may seem daunting to implement in your high school physical science, biology, and chemistry courses. Never fear! By using specially designed POGIL activities, your students can experience the inquiry-based collaborative learning envisioned by the developers of NGSS. POGIL | High
